

what's happening in st clair-superior

The new Year of the Dragon mural is located on the Consolidated Graphics building facing Payne Avenue and E.39th block.

The mural design is by Anna Arnold, and individual scales and details of the dragon were painted by youth from Case School and residents from Asian Evergreen Apartments.

Year of the Dragon Community Mural

Ted Lieu
FOR
CALIFORNIA STATE SENATE

加州參議員劉雲平(克城大詩人劉天擎之子) 致信伊利華報

Dear Anne,

Job creation and economic growth has been one of my top priorities in the state Senate. That's why I am pleased to report my bill, SB 1402, has been identified by the California Chamber of Commerce as a "Job Creator."

SB 1402, which has passed the State Senate, helps improve alignment of the state's workforce needs and education resources by reauthorizing the Economic and Workforce Development program within the California Community College system and updates the program with a sector strategies approach.

Please tell the Governor to support SB 1402.

With support from business, labor and the education community, SB 1402 received broad bi-partisan support. But we need the Governor's signature to make sure SB 1402 becomes law.

Please join business, labor and community colleges in asking the Governor to sign SB 1402.

It is time California start employing a sector strategies approach in which we emphasize our comparative and competitive advantages. Sector strategies are policy initiatives designed to promote the economic growth and development of a state's competitive industries using strategic workforce investments to boost labor productivity. States such as Michigan and Pennsylvania have used a sector strategies approach to deliver great results. I believe the best and fastest way to balance our budget is to grow our economy.

Sector strategies work! Governor, please sign SB 1402.

Thank you for your support.

TED W. LIEU
State Senator
