

State of Ohio Receives Presidential Award for Export Internship Program

The Ohio Development Services Agency's Export Assistance Office was recently awarded the President's "E" Award for its Ohio Export Internship Program. The President's "E" Award, presented by the U.S. Secretary of Commerce Penny Pritzker, is the highest recognition any U.S. organization can receive for making a significant contribution to the expansion of U.S. exports.

"Ohio businesses have generated millions of dollars in sales and created jobs as a result of this program," said David Goodman, director of the Ohio Development Services Agency. "Thanks to the hard work of our staff and university partners, we are excited to be nationally recognized for our exporting efforts."

"The 'E' Awards Committee was very impressed with the Ohio Development Services Agency's dedication to promoting exports from businesses in Ohio," said Secretary Pritzker. "The agency's collaboration with state institutions to promote student internships was also particularly notable. The Ohio Development Services Agency's achievements have undoubtedly contributed to national export expansion efforts that support the U.S. economy and create American jobs."

The Ohio Export Internship Program was created in partnership with The Ohio State University Fisher College of Business in 2012. The program combines a spring semester export-focused course with a paid summer internship fo-

cus on export sales growth. The program began with nine students in 2012 and has grown to include 43 students from 12 different Ohio universities and colleges. In 2014, Youngstown State University was introduced as a new partner to the program.

In the past four years, students have helped generate more than \$500,000 in direct export sales for their companies and more than \$19.5 million in estimated global sales. Of the 83

companies that have participated, 34 have offered internship extensions and 17 have made full-time job offers.

In 2015, Ohio exports totaled \$50.7 billion in goods and services. Nationally, exports generated \$2.23 trillion for the U.S. economy, supporting an estimated 11.5 million jobs. For more information about the Ohio Export Internship Program, visit www.eip.development.ohio.gov.
