

# Establishing Worldwide Recognition for Global Institutions Dedicated to Health Freedom and the Advancement of Nutrition-Based Medicine

Published on August 14, 2021

Jack Craciun III Follow Globally Recognized China Specialist; Chairman and CEO: ITM (China) Ltd. and ITM (US)

Jack Craciun III

The World's Leading Health Freedom Advocate Scott C. Tips, J.D., President of the National Health Federation, and Award-Winning Global Entrepreneur Arijit Bhattacharyya, Founder of the World Leader Summit become Founding Members of The Future of Medicine Foundation™

practice. Scott has attended more Codex meetings worldwide as chief delegate for NHF than all other health-freedom activists combined. Scott also serves as President and General Counsel for NHF sister organization, the Foundation for Health Research, whose mission is research and education regarding health freedom, the preservation of health-freedom history, and maintenance of the NHF Memorial Library, the only health-freedom library of its kind in the world.

**Video: NHF President & Codex Delegate Scott Tips: "What is Codex Alimentarius?"**

We are very pleased to announce that Scott has now joined the Board of Directors of The Future of Medicine Foundation™ as a Founder / Honorary Director and has become a member of its Board of Advisors in spirit with Orthomolecular Medicine pioneer, the late Dr. Richard Kunin, a founder of The International Society of Orthomolecular Medicine (Nutrition Based Medicine), a long-time NHF colleague, and a Founder / Honorary Director and Member of the Board of Advisors of The Future of Medicine Foundation™.

Scott Tips, J.D., President of NHF

Arijit Bhattacharyya, Founder of WLS

"The Future of Medicine Foundation™ truly is growing with inspiringly effective global leaders who are joining with us to help accomplish the primary purposes of The Future of Medicine Foundation™(TFMF).Joining with TFMF to work together in the arenas of fundraising and marketing to attain the global recognition and economic resources required to ensure that the future of medicine truly returns health to humanity is the world's leading Health Freedom Advocate Scott C. Tips, J.D., the President of the United Nations affiliated non-profit agencies, the National Health Federation (NHF) and its sister organization, the Foundation for Health Research (FHR).Joining with Scott is award-winning global entrepreneur Mr. Arijit Bhattacharyya, Founder of the World Leader Summit, one of the world's largest online professional and networking summits with participation of more than 90 countries and 120+ global leaders." - Jack Craciun III, Founder/Chairman/CEO, The Future of Medicine Foundation™

Scott Tips, JD, President of the National Health Federation, The Foundation for Health Research, Editor-in-Chief, Health Freedom News

"I look forward to the opportunity to be part of this collaborative effort with The Future of Medicine Foundation team of business and medical leaders who collectively seek to return health to humanity by delivering the opportunity and the freedom for all to regain and sustain a healthy quality of life through Orthomolecular Medicine's application of nutrition-based medicine." - Scott C. Tips, J.D.

Above left: The late Richard A. Kunin, MD featured in Health Freedom News; Right: Two global leaders dedicated to enhancing the human condition by dedicating their lives to returning health to humanity through Orthomolecular Medicine (Nutrition-based Medicine) and protecting our right to nutrition: Scott Tips, NHF President and Dr. Richard Kunin, Orthomolecular Medicine pioneer.

Scott and his NHF and FHR associates are dedicated to working together with the team of business and medical leaders at The Future of Medicine Foundation™ to develop new global fundraising, marketing, and business opportunities that create a supporting corporate and consumer advocacy movement that will serve to establish sustainable global recognition and the economic resources required for The Future of Medicine Foundation™, NHF and FHR to educate, promote and protect access to nutrition, research and human rights to health freedom, thereby returning health to humanity.

New Business Development Insights regarding The Future of Medicine Foundation™ (TFMF), the National Health Federation (NHF) and the Foundation for Health Research (FHR): The Boards of Directors of both the NHF and the FHR have unanimously approved Scott Tips' appointment of Jack Craciun III to the position of? Executive Director of Fundraising and Marketing and to their Boards of Advisors.?

**ITM: Our Invitation to Become a Member of the National Health Federation (NHF)**

*Truth Be Told, and a globe of humanity is finding out, very few people should have died from COVID-19! Nutrition-based Medicine has saved hundreds of thousands of lives using American know-how in China that is not being used in America, South America and Europe --Jack Craciun III, ITM Chairman/CEO*

The National Health Federation™ (NHF) is the world's only recognized INGO (International Non-Governmental Organization) of the United Nation's established Codex Alimentarius Commission that holds the unique right as a health freedom advocate to be heard and have an impact at Codex meetings.

Please take an action that will absolutely save lives. Look into the future of medicine in 2021 and learn how health will be returned to humanity through the Future of Medicine Foundation™ and the most powerful Nutrition-based Health Freedom Advocacy group on earth, NHF.

Please go to: <https://thenhf.com/join-us/become-a-member/> to become a member of NHF (it starts at \$45 annually / Corporate is \$200), and leave a brief message with our NHF associates at: <https://thenhf.com/about-nhf/contact-us/> that Jack Craciun and The Future of Medicine Foundation? Team sent you!

"I look forward to the opportunity to work with the Boards of Directors and Advisors in their interest to develop new business opportunities that establish sustainable global recognition and economic rewards for The Future of Medicine™, Inc. which create economic resources for The Future of Medicine Foundation™, Ltd. initiatives and those of its non-profit affiliates." --Arijit Bhattacharyya, World Leader Summit

Arijit Bhattacharyya, Founder World Leader Summit

Following the success of the 2020 WLS / TFMF Doctor's Forum, Arijit and the WLS 2021 team invited ITM to produce an annual Future of Medicine Foundation™ expanded conference: "Returning Health to Humanity through the Consumer Health Freedom Initiatives of the National Health Federation, Nutrition-based Medicine, Integrative Medicine, and Functional Medicine", featuring corporate sponsored and doctor-delivered medical health forums and educational seminars in addition to The Future of Medicine Foundation™ Ambassador programs in development by ITM, The Future of Medicine™, Inc. and The Future of Medicine Foundation™.

Mr. Bhattacharyya will be working with The Future of Medicine™ entities to deliver a future of medicine that returns health to humanity through the development of business opportunities that establish sustainable global recognition and economic rewards to further the purposes and initiatives of the World Leader Summit, the Future of Medicine™, Inc., The Future of Medicine Foundation™, the National Health Federation and the Foundation for Health Research.
