Profitable Since Day One and Re-establishing USA Full Equipment Manufacturing, Product and Service Vertical Integration

The First S. H. World Chocolate, Inc. NEWS Story is a Multi-Cultural USA / China, Africa and India, Erie Chinese Journal, GRAND SLAM - The First of a Three-part ECJ Feature Story Series

Introducing you to new startup S. H. World Chocolate, Inc., its Chairman/CEO, Scott Huckestein, its Executive Chairman and Global Expansion & Finance Director, Jack Craciun III, also the Chairman/CEO of the ITM (Group); Dr. Tang Jinlong 唐金龍博士 and the ITM-CFIG (China Finance & Industry Group) Strategic Alliance; the four new S. H. World Chocolate merger / acquisition entities, and to The Future of Medicine Foundation Ltd, its global non-profit affiliations, and the very successful 2021 World Leader Summit which took place November 8th & 9th, featuring the "Second Annual The Future of Medicine Foundation Two-day Conference and Doctors Forum": Protecting Health, Health Freedom, and Returning Health to Humanity Around the World, sponsored by www.WorldChocolateInc.com

Special note: Meet Dr. Tang Jinlong 唐金龍博士 and other ITM (China) Associates Ren Xiaofeng 任曉峰 & "Pat" Bi Io Weng 畢耀穎, the Anmai Company, and hear their thoughts on China and S. H. World Chocolate!

S. H. World Chocolate, Inc., a two month-old startup established by Scott Huckestein and Jack Craciun III, has completed convertible loans, equipment and custom mold manufacturing sales, wholesale, retail, private label products and corporate gift sales in excess of \$175,000.00 and it is growing in every category every day!

Co-founder President (chocolate processing equipment, custom molds, private labeling, chocolate formulation, corporate gifts and business/manufacturing consulting).

Jack Craciun (left) and Scott Huckestein (right) welcome Phil Salem as President of the new S. H. World Chocolate Manufacturing Division

S. H. World Chocolate, Inc. is now in the process of establishing S. H. World Chocolate Holdings, Inc. (in organization as the parent company of all S. H. World Chocolate, Inc. wholly owned subsidiaries) and the World Chocolate Trading Division, Inc., (a wholesale product distribution company transacting in the sale of products including but not limited to: cacao beans, powders and butters, chocolate liquor, manufactured equipment, parts, and services).

The global future of S. H. World Chocolate, Inc. is now interwoven with four merger / acquisition opportunities and the establishment of the World Chocolate Trading Division Inc. and domestic and international ITM Master Territory Licensing Programs:

S. H. World Chocolate Inc. Is Going Global with ITM & The China Finance and Industry Group Strategic Alliance, The World Leader Summit and The Future of Medicine Foundation, Ltd.

Working together, Jack Craciun III and Dr. Tang Jinlong 唐金龍博士 established the ITM - China Finance & Industry Group Strategic Alliance and its affiliation with the renowned Dehuai Law Firm of Beijing China. Our focus is to take China industry and investors into global markets, beginning with the USA, and to market foreign investment and products into China via the ITM-CFIG USA-China Culture & Investment Cross Cultural Exchange Programs.

"Throughout history, Cross Cultural Exchange is the number one producer of prosperity on earth" - Jack Craciun III

Now allow me to introduce you to Dr. Tang Jinlong and the establishment of the ITM - CFIG Strategic Alliance. ITM BIO Dr. Tang Jinlong: We heartily request you to open the two links in the middle of page 1:

Guided by Jack Craciun and ITM (US) associates working closely with Founder, Scott Huckestein and his team, S.H. World Chocolate has successfully begun to reestablish the USA platform of highly successful vertically integrated assets of S. H. World Chocolate, in Hartville, Ohio and to market the assets initially into the USA. In the last two months, working together, they have established three new companies led by the formation of S. H. World Chocolate Inc.

The plan is to grow the new companies, including the World Chocolate Trading Division into global markets rocketing from a USA platform initially into ITM associate territories of Africa, China, and India, via ITM Master Territory Licensing Programs that will duplicate in foreign markets the A to Z vertically integrated nature of S. H. World Chocolate USA assets.

Special Note: Below is Dr. Tang Jinlong and Pat & Ren's response to ITM's recent introduction of pictures, videos, brochures, and written insights referencing winding down the old Chocolate Creations and establishing the new group of companies led by S.H. World Chocolate.

"Jack, this is wonderful! The chocolate business will be very good, like KFC and McDonalds. Please send me the introduction and investment documents." - Dr. Tang Jinlong.

Now, the Responses from Long-time ITM China Associates Pat Weng 畢耀穎 of Macau, China SAR and Ren Xiaofeng 任曉峰 of Guangzhou City, China:

Exporting Product into China Our ITM Associates Ren & Pat have created the now government authorized software to expedite importing and shipping into China and Dr. McKee and ITM were the first to test its power to expedite with cost efficiencies!

Meet our proprietary ANMAI Cross Border China Ecommerce Retail Import authorized Software Program Introduction: <http://itmltd.com/ANMAI-Cross-Border-China-Ecommerce-Retail-Import.pdf>

From Ren & Pat: Jack we agree with Dr. Tang Jinlong, the chocolate business in China is interesting and will be great! Jack, as a member of our company, you know we have great progress in the cross-border e-commerce business of our company ANMAI.

Good news for us, we also set up a contact with Meiyijia, the biggest convenience chain store group in China. We will cooperate with their online resources (10+ million members) to sell snacks from global. We think chocolate is a great item to promote - we wait for you and chocolate business for China.

Business Leader Scott Huckestein is also dedicated to:

"Set a Global Example by Expanding Entrepreneurship with Social Service"

As Newest Founder / Member of The Future of Medicine Foundation Board of Advisors

Scott's global focus upon formulating high quality healthy chocolate products and producing exceptionally efficient global product branding programs through ITM's non-profit affiliations will serve as a major complement to selling S. H. World Chocolate manufacturing equipment and molds, formulations, proprietary and private label products, and interactive retail store/restaurant master territory licensing programs around the world. This falls in line with the global fundraising, marketing and branding initiatives of ITM's foundation The Future of Medicine Foundation, Ltd. (www.thefutureofmedicinefoundation.org) and its global relationships with the National Health Federation (INGO of the United Nations, and its Codex Alimentarius Commission www.thenhf.com), its sister foundation the Foundation of Health Research (www.foundationforhealthresearch.org) and its global magazine Health Freedom News

(<https://thenhf.com/hfn-magazine/>).

The 2021 World Leader Summit Second Annual: The Future of Medicine Foundation Two Day Conference and Doctors' Forum, "Protecting Health, Health Freedom, and Returning Health to Humanity Around the World." Sponsored by: S. H. World Chocolate Inc.

World Leader Summit is the biggest professional and networking conference for entrepreneurs and leader around the world. (WLS Features 120+ speakers, from 90+ nations and awards 100+ business owners, professionals and industry leaders).

The World Leader Summit Presents: The Future of Medicine Foundation Second Annual Two-day Conference & Doctors Forum: Introducing the History, Evolution and Accomplishments of the National Health Federation and Nutrition-based Medicine

Richard A. Kunin, M.D., October 22, 1932 - February 23, 2021

Co-founded the first Orthomolecular Medical Society (Nutrition-based Medicine) The Future of Medicine Foundation Founder/Honorary Director, and Member of the Board of Advisors National Health Federation Vice-President and Member, Board of Governors Orthomolecular Medicine (ISOM) Hall of Fame 2008 Inductee www.ohafos.com

Once established as globally respected brands, the National Health Federation, ISOM, and other like-minded institutions, in league with The Future of Medicine Foundation and the members of its medical team and business leaders, will successfully serve with sustainability to merge nutrition-based medicine more fully into mainstream medicine. This will undoubtedly lead to a marked improvement of world health and a restoration of Health to Humanity.

The Future of Medicine Foundation Two Day Conference and Doctors' Forum

S. H. World Chocolate and The Future of Medicine Foundation Ltd. are dedicated to helping grow the World Leader Summit into global market impacts and viewing audiences via the ITM produced "The Future of Medicine Foundation (TFMF)/NHF Conference and Doctor's Forum" events. TFM Foundation events will also help to grow production values and global audience marketing initiatives focused upon the promotion of The Future of Medicine Foundation, NHF & FHR Fundraising and Marketing campaigns, including Sponsorship, Membership, and Donor Programs.

Day one, Nov. 8th: Presenting the NHF / FHR / Health Freedom News, introducing the history of NHF, its birth, evolution, accomplishments and its future to a global viewing audience with historical insights into the influence of Dr. Richard Kunin.

Day two, Nov. 9th: Presenting the Founders of Orthomolecular Medicine (Nutrition-based Medicine). Introducing the history and influence of Dr. Richard Kunin on ISOM, its birth, evolution, accomplishments and its future to a global viewing audience.

Prepared by ITM Communications Division

Meet "The Chocolate King" Founder, Scott Huckestein (<http://itmltd.com/BIO-Scott-Huckestein.pdf>) and Co-founder: Jack Craciun III, (<http://itmltd.com/NHF-FHR-BIO-Jack-Craciun-III.pdf>), Founders of S. H. World Chocolate, Inc.

S.H. World Chocolate, Inc. Founder, Chairman / CEO Scott Huckestein with Co-Founder Jack Craciun III, Executive Chairman and Global Business Expansion & Finance Director
