

# ITM Global Announcement:

**Founder of The Future of Medicine Foundation  
Jack Craciun III Honored at United States  
Presidential Service Center Symposium in Washington, D.C.**

Since the late 1970's when I became an Ohio Jaycee member who was awarded the honor to become a Lifetime Senator of the Junior Chamber International (number 45067), my global business affairs have been focused on expanding entrepreneurship with social service to set a global example. The last line in the Jaycee Creed, "Service to Humanity is the Best Work of Life", is the greatest blessing each and every one of us can share with humanity. And now is the time. I invite each and every one of you to become dedicated to the human condition around the world and become a member of the National Health Federation, the most powerful, most influential advocate for health and health freedom policies which directly affect 7 billion people worldwide. - Jack Craciun III

Jack Craciun III, ITM Chairman/CEO, Founder/Chairman/CEO of, and Executive Director of Marketing and Fundraising for the National Health Federation and its sister 501(c)3 organization, the Foundation for Health Research, was among the distinguished award recipients honored at the United States Presidential Service Center (USPSC) Symposium held the weekend of December 4, 2021 in Washington, D.C. The USPSC bestowed the "Seven over Seventy" award and the USPSC Gold and Blue Presidential Service Coin to Mr. Craciun, a globally recognized China Specialist, in recognition of his lifetime dedication to the promotion of cross-cultural exchange as the key to global prosperity, his pioneering work in the field of broadcast communications, and his decades of work promoting the field of therapeutic nutrition-based medicine to prevent and or cure disease in order to sustain or regain a healthy quality of life and return health to humanity.

Accompanying Mr. Craciun to the USP-

SC Awards Banquet was Scott Huckestein, the Founder and Chairman/CEO of S. H. World Chocolate, Inc., and a Member of the Board of Advisors of The Future of Medicine Foundation. As Executive Chairman and Director of Global Expansion & Finance of S. H. World Chocolate, Inc. ([www.worldchocolateinc.com](http://www.worldchocolateinc.com)) and Chairman/CEO of The Future of Medicine Foundation?, Mr. Craciun is working with Scott to set a global example by expanding entrepreneurship with social service. By working with other like-minded companies around the world, including a group of unique non-profit entities, they are dedicated to deliver economic resources to the most powerful and influential advocate of health and health freedom policies that directly affect 7 billion people - the National Health Federation ([www.thenhf.com/](http://www.thenhf.com/)).

NHF is the world's oldest and most respected consumer health freedom organization. It is the only INGO (International Non-Governmental Organization) recognized to speak, submit scientific research, and actively shape global policy at international meetings of the Codex Alimentarius Commission. Codex is the global seat of power established by the United Nations that sets international standards, guidelines and codes of practice for agriculture, food, beverages, and nutritional supplements. NHF President, Scott Tips, J.D. (<http://itmltd.com/TFMF-BIO-Scott-Tips.pdf>), has attended more Codex meetings worldwide as chief delegate for NHF than all other health-freedom activists combined.

health, as well as freedom of choice and true informed consent in all matters concerning healthcare, treatments, and therapy, to educate consumers, producers, healthcare professionals, and government and other leaders about health and healing modalities and how to secure and preserve health and health freedom, and to provide expert and positive representation in all matters relating to health and health freedom at

[com/join-us/e-newsletter-sign-up/](https://thenhf.com/join-us/e-newsletter-sign-up/) or become a member of the NHF at <https://thenhf.com/join-us/become-a-member/>. (Memberships starts at \$45 annually / Corporate is \$200). Awards approved by the Department of Defense for military service were also bestowed at the USPSC Symposium. Recipients of the American Defense Service Commemorative Medal included ITM Associate, Antwain Thomas, USPSC Chief Development Officer, who is a US Navy veteran and 2nd Vice Commander of AMVETS in the District of Columbia, and retired and highly decorated US Army veteran Matthew Parker, who was also honored for his distinguished service in Iraq with the Iraq Commitment Medal. Orlando Herrera, Jr. a Marine Corps veteran and Commander of AMVETS in the District of Columbia, received the Ronald Reagan Commander and Chief Commitment Medal and the Cold War Victory Medal.

The US Presidential Service Center? (<https://theinnofthepatriots.com/the-uspsc>) is dedicated to the education of the public about the social, political, military, economic, and historical significance of serving the Presidency in all capacities. Presidential Service began with the American military in the late 1700s,
