WHAT IS CLF?

Christian Leaders Fellowship (CLF) is a movement of hundreds of thousands of pastors and church leaders working together beyond denominational divides and cultural barriers to spread the Biblical gospel, fortify churches, and catalyze a "greater awakening" in our time.

Established in 2017, CLF provides a dynamic platform for exchanging ideas, resources, and networks that strengthen local churches and help spread the gospel to new mission fields.

WHAT IS A "GREATER AWAKENING?"

Modern American Christianity has become a shell of itself: empty pews, Godless conversations, and young people who have traded the Word for the voice of the world.

A Greater Awakening brings Christianity back to its Biblical roots and transforms churches into places of giving: giving salvation, giving hope, and giving opportunities for every believer to emerge stronger in spirit.

The CLF Formula for A GREATER AWAKENING

EQUIP THE WORD Through Bible-centric teachings, filter out humanistic compromises and embrace scripturally-sound faith.	REFRESH THE SPIRIT Share your challenges and victories with like-minded church leaders in group fellowship sessions.	IMPACT THE WORLD Learn cutting edge ministerial strategies and connect with resources that make real differences in your ministry.
